Proof your work carefully. This proof is a representation of the final product and may not be to scale. Color and resolution may vary slightly with printing. Once your order is placed, you agree that you have proofed your design, verified your information and authorize printing. The border surrounding the proof represents size and does not appear on product.

For custom logos, be sure to select your logo color in the designer area. Artwork on business cards, letterhead, and envelopes will not bleed off the edge. Please consider standard font sizes when proofing your product.
